

**PETITION AGAINST NEW P&Z COVERAGE REGULATIONS**

TO: Westport Planning & Zoning Commission  
DATE: September 23, 2010  
RE: Amendment #621

Received at  
SEP 30 2010  
P & Z.C. Public Hearing

I am **OPPOSED** to the proposed 15% building coverage test in AA and AAA zones. And I am opposed to counting decks, patios, and terraces toward total coverage, and changing the way pools and tennis courts are measured.

I believe that these new regulations will render a large number of properties conforming, have a disproportionate impact on the smaller lots in those zones, are unfair, and will lower property values.

RE: Amendment #621

Received at *Vikie JACOBS*  
SEP 30 2010  
P.&Z.C. Public Hearing

I am **OPPOSED** to:

- (1) imposing a 15% building coverage test in AA and AAA zones;
- (2) counting decks, patios, and terraces toward total coverage;
- (3) changing the way pools and tennis courts are measured for coverage;
- (4) making properties "nonconforming" overnight—making them considerably less valuable—and more difficult to sell and finance;
- (5) having to beg for a variance just to build a patio or change a dormer on my property;
- (6) having to pay thousands of dollars for a special survey just to prove that my property is grandfathered; and
- (7) trying to solve the so-called "big house" problem on the backs of residents who have NOT yet renovated their houses.

PETITION AGAINST NEW P&Z COVERAGE REGULATIONS

TO: Westport Planning & Zoning Commission  
DATE: September 23, 2010  
RE: Amendment #621

Received at *Vaerie JACOBS*  
SEP 30 2010  
P.&Z.C. Public Hearing

I am **OPPOSED** to the proposed 15% building coverage test in AA and AAA zones. And I am opposed to counting decks, patios, and terraces toward total coverage, and changing the way pools and tennis courts are measured.

I believe that these new regulations will render a large number of properties conforming, have a disproportionate impact on the smaller lots in those zones, are unfair, and will lower property values.

As new Westport residents, we are disappointed to hear about the proposal for the property taxes.

My husband and I have lived in many places in this country, but never heard of such thing.

Chaz&Lena Shaw
